

From Ms. Kido & her 3rd grade students

On the first day of the Sustain Campaign, my teacher said to me...

We will have **heat** whenever we need! No more singing heaters. No more banging noises. No more freezing mornings.

On the second day of the Sustain Campaign, my teacher said to me... We are getting **new windows**, how nice that will be!

On the third day of the Sustain Campaign, my teacher said to me... We will have **raised garden beds** for growing our own vegetables. We will be able to be super healthy.

On the fourth day of the Sustain Campaign, my teacher said to me... We will have an open air classroom and an **outdoor stage**.

On the fifth day of the Sustain Campaign, my teacher said to me... We will have a **new music room** that is built on tiers. Not the crying kind but the kind on multi levels.

On the sixth day of the Sustain Campaign, my teacher said to me... We will have an **art room with lots of natural sunlight**.

On the seventh day of the Sustain Campaign, my teacher said to me... We will have **study station hangouts**. That makes us want to learn.

On the eighth day of the Sustain Campaign, my teacher said to me... We will have **extra security with double front doors**.

On the ninth day of the Sustain Campaign, my teacher said to me... Tornadoes? No problem! We will have a **real storm shelter**

On the tenth day of the Sustain Campaign, my teacher said to me... We have an **exciting future** that is full of sustainability.

VIDEO OVERVIEW

**How to help?
3 ways to be a part of
The Sustain Campaign**

1. Complete and return a Contribution Form
2. Visit our website:
topekacollegiate.org/Giving/Sustain-Campaign

3. Scan the Sustain Campaign QR Code

EAGLE CHALLENGE MATCH

As we approach the finish line to break ground this upcoming May, every dollar of support is important and appreciated. To help us get there and to encourage giving, a small group of generous donors has agreed to match up to \$700,000 in new gifts and pledges. Your support now means that every dollar you pledge or give will result in two dollars added to make this dream for our students come true.

Thank you for giving to Topeka Collegiate's future.

Naming Opportunities

- **Claimed- Art room:**..... \$100,000
- **Claimed- Health room:**..... \$50,000
- Collaborative space:..... \$175,000

Topeka Collegiate's mission is to inspire and prepare every student for a successful future through academic excellence, active citizenship, and humanitarian ideals. Our mission statement guides the work of the Sustain Campaign. With every student, we lay the foundation for a successful future through strategic investments and planning.

CAMPUS IMPROVEMENTS

Replacing classroom windows and the HVAC system will provide a comfortable learning environment for students within the building, while creating an outdoor learning environment.

ENERGY EFFICIENT SYSTEMS

Positioning for the future by connecting our classrooms, while increasing efficiency and sustainability.

- New HVAC systems to provide various technologies to control the temperature, humidity, and air purity in an enclosed space.
- Thermal comfort and high indoor air quality
- Campus-wide window replacement

OUTDOOR LEARNING SPACES

Green spaces designed for child-centered wellbeing begins here, in a space that invites children to explore, interact, and grow with classrooms in natural elements.

- Outdoor Amphitheater
- Chimney Swift Tower
- *Completed*- The Eagle Orchard (ten trees)
- Memorial Courtyard in honor of Tim Elmer
- Outdoor gathering spaces with natural seating
- Beyond the Book Sustainability of native Kansas plantings
